

Making The World A Beautiful Place

The 2010 Designer Showcase features locally noted designers like Francesca Morgan of Francesca Morgan Interiors who has donated her talents in service to the young people served by The Children's Home Society. While the designers are working to bring out the inherent beauty and majesty of the Cashel Estate, The Children's Home Society is working diligently to provide a home for young people who because of their age are no longer eligible for foster care in Florida. The Children's Home Society has created a Youth Transition Center and Transitional Living Program to help these vulnerable young people until they are able to assume independence in society. Come witness the design prowess of Morgan and see why she takes tremendous pride in giving back to the community and making the world a more beautiful place to live—inside and out. Come see for yourself what all the buzz is about... You simply won't believe your eyes!

Cashel Mansion

Designer Showcase House
