

Woman's Club of Stuart
SINCE 1913

Francesca Morgan Designer

The Woman's Club of Stuart hosted Francesca Morgan for their March luncheon to talk about design work. I was so impressed with the presentation; she spoke elegantly about what she does for her clients and the ideas she gave were magnificent. I felt like running home and changing a room.

I love the way she uses beautiful fabrics with brilliant color on the walls to complement the design. Her style is very creative, innovative and unique to the design world.

We would also like to thank you for your participation in our many fund raising events, including your donation of prizes to help with our many causes.

Thank You

Pat Schmader
