

A Few Kind Words From Our Local Women's Group Event Coordinators

For a monthly meeting of our Women's Club at the Lost Lake Golf Club I asked at the recommendation of a member, if Francesca Morgan of Francesca Morgan Interiors would give us a presentation. The response I receive from Francesca and later Jill Provines was so much more than I expected. These ladies were very professional and kept in frequent contact. They provided advertising leaflets, posters, etc., to help me inform our members about the upcoming event. The day of our luncheon our members all received a favor. They also provided a lovely door prize, all of the things we ladies love! The presentation was visual and clearly demonstrated what was being discussed. These ladies certainly know their business and have great enthusiasm and love for the work they do. Several of our members had used their services previously, and after the presentation, I feel many more of our members will follow suit.

Sincerely,

Sylvia Hutchinson
Program Chairman, Lost Lake Women's Club, Hobe Sound ~ January 12, 2010

Thank you so much for appearing as our guest speaker at the Ballantrae Women's Club monthly meeting. As you know, the Ballantrae community is about 10 years old and many of us are in the "I need to do something to change or update" stage. Your presentation was a very informative hour of decorating tips—some very simple and inexpensive. But mostly, it was delightful to have a guest speaker who obviously absolutely loves her job and one who was so generous in sharing information with us.

Diane Carter
Program Chairman, Ballantrae Women's Club, Port St. Lucie ~ January 29, 2010

Francesca Morgan spoke at The Monarch Women's Club luncheon and charmed all the ladies with her keen eye for beautiful decorating and design. She gave us lots of informative and practical tips on decorating for our particular style, and no matter what your style, she recommended ways to work on your project and stay within budget. Since speaking to our group, many women have engaged her services and continue to rave about her clever and savvy approach to redesign. She is a pleasure to know and work with. Thank You Francesca Morgan for helping make the world a more colorful place.

Dana Dolan
President, Monarch Women's Club, Palm City ~ January 2010

Thank you so much for your presentation at the Nettles Island Women's Club. We had one of our biggest audiences in attendance for your presentation. I hope you can come again because the women really enjoyed your comments and answers to their questions.

Bev Peterson
President, Nettles Island Women's Club, Jensen Beach ~ April 16, 2010

At our community fair in the Fall of 2009, Francesca's table and display were very eye catching. And her enthusiasm in meeting our members was even more contagious! Our members enjoyed meeting a designer who was full of ideas and tips in creating their home's best look. It was a great venue to introduce Francesca to our members who may not have met her or worked with her before.

Audra Shaneman

Communications Specialist, Mariner Sands Country Club, Stuart ~ April 28, 2010

In early February of 2010, the Whispering Sound Women's Club was the fortunate beneficiary of a visit from Design Maven, Francesca Morgan. Her program and presentation consisted of examples of her home decorating style, sharing ideas and tips on home design and answering members' questions regarding individual home décor problems. Francesca was an inspiration to women who appreciate bringing style into the home while paying attention to comfort.
